TEN CENTS

MRS. LYNDON JOHNSON is shown here shaking hands with Miles Raillard, who plays the part of a child in the musical drama "TEXAS." In the background is Jim Holston, Mrs. Johnson and Mr. and Mrs. Pat Nugent, her daughter and son-in-law, were guests of honor at the Sunday night performance of "TEXAS." The first family party went backstage to greet the cast following the performance.

## First Lady, Nugents See Drama In Canyon

Mrs. Lyndon Johnson and the Pat Nugents attended a performance of "TEXAS" Sunday night in the amphitheater in Palo Duro Canyon.

Mrs. Nugent is the former Luci Baines Johnson, daughter of the President and Mrs. Johnson.

The first family arrived at Tradewind Airport about 6 o'clock Sunday evening and went immediately to the home of Mr. and Mrs. J. Ernest Batson of Amarillo for dinner.

The J. Ernest Batsons are parents of Joe Batson, who had invited the first family to see "TEXAS." The Batsons and the President's family have been friends for a number of years.

The first family party spent

Sunday night as guests in the Neil Johnson home. Mrs. Johnson is the grandmother of Joe Batson.

The Nugents brought along their infant son, Patrick Lyndon, and his nurse, Miss Mary Gfeller who had also cared for Luci when she was an infant. The baby and nurse did not accompany the group to see the

show. The guests of honor arrived in the canyon just before the show there got underway. They were accompanied by an un-

announced number of Secret Servicemen, polite but firm young men dressed in inconspicuous business suits, and were met by photographers and

## Edna Man Named Superintendent

A former assistant coach and math teacher here is returning to the Canyon School System as superintendent.

He is Albert J. "Jerry" Jacobs who has been superintendent at Edna, a city of 5,000 in Jackson County. He has held that post since 1962.

Jacobs succeeds Huelyn Laycock who resigned as superintendent here to head Panhandle Educational Services Organization. Laycock had been superintendent here since 1963.

Jacobs has 19 years of teaching and school administration experience.

He began his career here

### No Meeting

No meeting has been scheduled to select a new city manager for Canyon.

Six applications for the position have been received, according to City Clerk Johnny Janak, since Gary Gwyn resigned July 14.

Gwyn accepted a city manager's post at Edinburg, Tex.

## Fortress Cliff Plea Rejected

Commissioners court Monday rejected an inadequately drawn petition for 1.5 miles of road to give access to holdings of Fortress Cliff Corporation on the north rim of Palo Duro Canyon.

However, the court agreed to consider an amended petition at a later date.

Commissioners learned that approximately 3-miles of road will be needed to connect the corporation's 269 acre tract to an existing county road.

The court also heard testimony to the effect that such a road probably would cross land owned by Bill Beedy of Canyon and Dr. Guy Owens of Amarillo. Both were present at Monday's meeting of the court.

Commissioners and Beedy say

## Certificate Payment Due This Week

Randall County farmers who are participating in the 1967 wheat program are receiving their wheat certificate payments this week, according to Donald F. Lloyd, office manager for the Agriculture Stabilization and Conservation Service.

These first payments are to farms enrolled in the wheat program only, while farms participating in both the feed grain and wheat programs will receive payments after final acreage reports are filed.

The wheat certificate payments in Randall County, Lloyd said, will total about 1.4 million dollars.

By law, program participants are guaranteed 100 per cent of parity for their share of the wheat used for domestic food. The certificates for 1967-crop wheat will be valued at \$1.36 per bushel, compared with \$1.32 per bushel for 1966.

The figures, Lloyd explained, represent the difference between parity as of July 1 (\$2.61 per bushel) and the 1967 crop national average loan rate of \$1.25 per bushel.

## Zoning Changes To Be Discussed

Marvin Springer of Dallas will meet Wednesday with members of the City Planning Commission to discuss zoning changes for Canyon.

Springer, city planning consultant, and his crew have been in Canyon for several days preparing a land use survey. The survey is to set guidelines for zoning ordinances and districts.

The city planner has been here to determine the natural use of the land, rather than how it is presently being used. As an example, some land in Canyon is zoned for commercial business establishments but is being used as residential.

He has traced how the land has been used for the past five years in order to determine what changes need to be formulated and what zoning districts are applicable for Canyon.

Springer, who met earlier with members of the City Commission, said among those items under the heading of dis-

they object to having their land "cut in two" by a road. Both say they will be left with a part of their holdings as dry pasture.

Fortress Cliff Corporation is owned by Charles Allen, R. E. Barnard and O. P. "Pete" Cowart, all of Canyon. George Dowlen, Randall County criminal (See FORTRESS Page 10)

## HD Agent Selected

Randall County commissioners approved the selection of Mrs. Sydney "Becky" Hall Monday as the county's new home demonstration agent.

Mrs. Hall was accompanied to the commissioner's meeting by the district home demonstration agent, Mrs. Sue Farris of Amarillo.

Mrs. Hall will assume duties as county home demonstration agent here September 1. She is presently serving as agent for Briscoe County with headquarters at Silverton.

She will replace Mrs. D. C. Gamble, who resigned recently from the position as county (See AGENT Page 10)

## Proposed School Budget Gets Nod

Canyon school board Tuesday night gave tentative approval to a \$1,432,088 budget for the 1967-68 school year.

The new budget is an increase of \$130,669 over last school term's budget of \$1,301,419.

Superintendent Huelyn Laycock said bulk of the increase had been brought about by teacher pay raises and overall increase in cost of instruction.

In the 1966-67 budget \$817,007 was budgeted for instruction while for the coming school term \$905,966 was budgeted for the same item.

Pupil transportation is up

## BSA Leaders Needed Here

A cub master, two scout masters and an explorer advisor are needed to head Boy Scouts of America groups in Canyon.

Joe Gidden, district chairman for the Boy Scouts Randall District, said the leaders were needed by September when troops are usually re-chartered.

Although the groups now have workers, there are no designated scout masters for the boys, Gidden explained.

Anyone who is interested in one of the scout leader assignments may contact Gidden at Southwestern Public Service Company.

## Registration At WTSU Ends

A total of 1,867 students have enrolled for the second session of summer school at West Texas State University. Registration ended at noon Saturday.

The 1,800-plus figure compares with 1,586 last year for the same period.

A total of 2,786 students were enrolled for the first term this summer at WTSU.

Convocation ceremonies will be conducted Aug. 24 at 8 p.m. in the WTSU Fieldhouse.

## Scientists Study Strange Disease

Area grain sorghum has been hit by disease identified only this week as Maize Dwarf Mosaic, a virus which turns leaves reddish brown.

Dr. R. W. Toler, Texas A&M extension plant pathologist, said the disease may cause damage to crops.

The only known remedy is breeding of virus-resistant grain sorghum varieties.

The disease seems to be prevalent on both the North and South Plains. Dr. Toler is at the Texas Agriculture Experiment Station at Lubbock working with Dr. Bob Berry, regional plant pathologist, and Darrell Rosenow, assistant agronomist, on the problem.

"We are trying to find out how widespread it is, what damage it is doing and where it

came from," said Dr. Toler. He said the disease has been positively identified. "It was just identified on the High Plains this week," he declared.

He said the virus was encountered in South Texas in May of 1966 and late last summer in Central Texas.

Dr. Toler reported that the virus was discovered too late to learn its effect on grain (See SCIENTISTS Page 10)

## Canyon Man Is Killed In Vietnam

Major John S. Oldham of Canyon died recently when his helicopter was shot down over Vietnam.

The US Marine, 33, who recently moved his wife Ruth and two sons here, was killed near Da Nang.

The 1955 graduate of West Texas State University was transferred to Vietnam from Cherry Point, N. C.

Major Oldham was born in Ackerly, Tex., July 3, 1934. He married the former Ruth Schoenhals of Follett.

While at WTSU as a physical education major, he was active in the Baptist Student Union Organization.

Major Oldham lived with relatives, Mr. and Mrs. Robert D. Oldham, while attending school here. He was a member of Canyon's First Baptist Church.

Survivors include his wife and sons, Mike, 12, and Glenn, 7; mother, Mrs. O. L. Oldham of Ruidoso Downs, N. M.; brothers, M. L. of California, Wayland of Denver, Colo., and Noble of Temple, Tex., sisters, Mrs. Modena Simpson of Brownfield and Mrs. Theresa Dillard of House, N. M.

## Hereford Youth Dies In Mishap

A Hereford youth was killed and two Floydada people were seriously hurt early Sunday afternoon in a grinding crash at the intersection of Palo Duro Highway and South Washington about 5 miles east of Canyon.

Dead is Richard Wayne Owens, 20 years old, Hereford. Seriously injured are Mr. and Mrs. Samuel Hale.

Hale, 37, suffered a fracture of the spine. Mrs. Hale, 35, suffered a gash over the right eye, head injuries and multiple bruises.

The Hale children, Andrew, 14, and Randy, 11, sustained less serious cuts and bruises. All four were treated at Neblett Memorial Hospital. The

Hale children were dismissed but Mr. and Mrs. Hale were transferred by ambulance to Methodist Hospital in Lubbock for further hospitalization.

Owens was pronounced dead at the scene. Officers said he is believed to have been killed instantly.

Hale was driver of the car in which he and his family were riding. Owens was riding alone.

The Hale car was traveling south on South Washington. Owens was driving east on Palo Duro Highway. Highway patrolmen said the Hale car ran a stop sign at the intersection and rammed into the left side (See YOUTH Page 7)

HIGHWAY PATROLMAN Harold Eavenson is shown here looking at the wreckage of a late model automobile in which a Hereford youth, Richard Wayne Owens, 20, was killed Sunday. Mr. and Mrs. Samuel Hale of Floydada were

seriously injured when the car in which they were riding smashed into the Owens vehicle at the intersection of Palo Duro Highway and South Washington. The Hales' sons, Andy, 14, and Randy, 11, were less seriously hurt.

Folks who attended "TEXAS" Sunday night got a treat. The first lady, Mrs. Lady Bird Johnson and the Pat Nugents were on hand for the performance. Luci and Mrs. Johnson both are gracious, friendly people. Luci was born in politics. She was an infant about the time her father entered the US Senate as the junior senator from Texas.

Luci grew up as Lyndon Johnson's career spiraled to its apogee. Still, she is a shy girl. She seems almost involuntarily to shy away from the camera. Yet, she is a sympathetic person and seems to realize that photographers are merely doing their jobs when they take her picture. She objected Sunday night when one cameraman took a picture of her while she was sipping a soft drink. I waited until she had finished before snapping pictures and she thanked me for it.

Luci is hardly more than a teenager and she looks it. It's hard to picture her as a mother of a month-old son. Mrs. Johnson shook hands with everyone about her and engaged most of them in conversation. She paid special attention to the children she met. She thrilled our 8-year-old by holding his hand a few seconds and talking to him about "TEXAS."

Three members of a British and Irish singing group known as "Them" were on hand for "TEXAS" Sunday night. At the amphitheater were Allen Henderson, Ken McDowell and Ray Elliott, all from Belfast, Northern Ireland.

David Harvey, London, and Jim Armstrong, Belfast, were in Amarillo but did not make it to the drama.

The bearded, long-haired quintet has risen to fame on such ditties as "Square Room,"

"Gloria," "Here Comes the Night" and "Mystic Eyes."

The group is touring the US and eventually may make appearances in Canada.

They seemed like nice blokes but I doubt that I would like their music.

I think more adequate traffic controls should be placed at the intersection of Palo Duro Highway and South Washington Street.

A Hereford youth was killed and four Floydada people were injured in a two-car crash there early Sunday afternoon. There is a good chance that poor markings were at least partly responsible for the accident.

The road is under construction and a sign "Stop Ahead" had been moved off the highway right of way and placed on a fence row adjoining the road. The "Stop Ahead" sign would be easy for a motorist to miss while driving at the prescribed speed limit of 45 miles an hour.

I hope the Highway Department will at least consider putting a flashing light at the intersection as the road is becoming more heavily travelled all the time, primarily due to traffic to and from Palo Duro State Park 7 miles east.

US News & World Report, a highly accurate news magazine, this week points out that we are worse off in Vietnam than we were a year ago.

Between January 1961 and December 1966, American dead in Vietnam came to 8,155. This year we will have 11,190 dead, according to projected figures.

During the period between January 1961 and December 1966, our wounded came to 37,738 while projections show that this year alone we will have 64,264 wounded.

The same article shows that the South Vietnamese are not

carrying their part of the burden of defending their homeland. Between May 1 and July 8 this year 2,427 Americans were killed while during the same period only 2,010 South Vietnamese lost their lives. Between June 4 and July 8, American wounded numbered 5,838 while South Vietnamese wounded came to 2,231.

Moreover, the population is fickle. South Vietnamese tend to go along with whoever is winning at the time. This is not a surprising thing in a nation torn by strife and cruelty for generations.

In spite of President Johnson's "yes men" who try to allay the fears of a concerned America by telling the people we are winning, the truth is that we are being bled white in Vietnam. We are sinking American treasure and lives in Asia.

We cannot win a war of attrition in Asia. The time must come soon for America to make a hard decision on Vietnam. We must decide to win or get out. The decision cannot and must not be delayed much longer.

Michigan's governor, George Romney, removed himself from the list of GOP Presidential hopefuls Monday when he called for US troops to quell rioting in Detroit.

In complying with the request for troops President Johnson made it clear that Romney admitted that he had been unable to cope with the situation.

Voters are going to question the wisdom of pitting against the complex problems of the world a man who by his own admission was unable to cope with the problems of the state of which he is governor.

## Former Resident Dies In Accident

Funeral rites for Bluma Mae Finlayson of Laguna Hills, California were conducted recently. Mrs. Finlayson died July 15 when she was struck by a car while crossing a street near her home in Laguna Hills, California.

A graduate of West Texas State University, Mrs. Finlayson was a retired postal clerk from Seattle, Washington. She was born in Randall County May 1896.

Survivors include brothers, Will Cagle of Phoenix, Arizona; Roy Cagle of Hemet, California; sisters, Mary Cagle of Wrightwood, California and Frances Cagle of Santa Clemente, California; three nephews, Billie and Dean Cagle of Phoenix, Arizona; Jack Cagle of Amarillo; and a niece, Lydia Rank of Fullerton, California.

## Cummins Home On Army Leave

Army Specialist Fifth Class, John R. Cummins, will report to Fort Hood, Texas August 2 following a 21-day leave.

He has been visiting with his parents, Mr. and Mrs. Aaron Cummins of Canyon. Since his recent promotion to Specialist Fifth Class, Cummins has been assigned as first cook, Headquarters Battery, with the Second Armored Artillery Division at Fort Hood.

A graduate of Canyon High School in 1963, Cummins has been with the United States Army for 21 months. He took basic cook's training at Fort Polk, Louisiana.

## WTSU Joins Recreation Conference

West Texas State University has been approved as the newest member of the New Mexico Collegiate Recreation Conference, according to Hal Brown.

Brown, who has been the sponsor and coach of the WTSU Boys bowling team, recently represented the university at an annual meeting of the conference at New Mexico State University.

The conference, open to both boys and girls, provides competition between the member schools in bowling, billiards, table tennis and chess.

The conference is a member of the National Association of College Unions and will participate in the national tournament which is scheduled in February of 1968.

Opening meet for the conference will be Oct. 28 at NMSU. May 4 at WTSU.

Other members of the conference include University of New Mexico, Eastern New Mexico University, New Mexico Institute of Mining and Technology and College of Santa Fe.

trip to the Astrodome in Houston or Six Flags Over Texas to the overall winner.

Anyone in the area interested in entering the contests may contact Sheriff Elmer Neel in Memphis, giving their name, address and type of talent, said Woody Pond, a director of the law enforcement association.

Proceeds from the series of talent shows will be donated to the educational fund of Boy's Ranch.

Dates of the other contests will be announced at a later time, Pond said.

## Lake Building To Be Removed

Sealed bids for the old concessions building at Buffalo Lake Refuge are now being taken, according to Manager Gordon Hansen.

The building, 18x140 foot, was constructed when the lake was completed in 1939, Hansen said. The concessions building is located near the fishing and boat docks at the lake.

The building, he said, must be moved to allow for new construction at the lake. The concessions building was closed in April due to lack of business.

All bids are due Aug. 15 at 5 p.m.

Additional information may be obtained by contacting Hansen at the refuge office, GY9-2601.

PHIL SWATZELL, JR., was presented with first place plaque as Canyon's "most bearded" man in the annual Canyon Jaycee Beard Contest which was conducted Saturday as a part of the Randall County Round-Up and Old Settler's Reunion. Other awards included a second place plaque to Alfred 'Fritz' Bednorz and third place plaque for Dennis Haley.

## County Observes 78th Year

Celebration for the 78th anniversary of Randall County was concluded Saturday night.

Champions were named in a number of contests sponsored by Canyon's civic clubs and the Canyon Chamber of Commerce.

The reunion began Friday morning with registration of 55 old settlers for the annual Round-Up reunion. The reunion was staged at the Panhandle-Plains Historical Museum with Boone McClure, museum curator, giving the address of welcome. Sponsored by the Canyon Chamber of Commerce, the reunion also included a luncheon.

Highlighting Saturday's agenda was the annual parade which featured twelve area riding clubs. Parade trophies for riding clubs went to Plainview, first; San Angelo, second; Tulia, third; and Hart Junior Riding Club, first in the junior division.

Also featured in the parade were a drill team from Amarillo Air Force Base, Khiva Temple motor escort groups from Amarillo and Lubbock, a

miniature Santa Fe train, the Model A Club of Amarillo, decorated bicycles from the Kiwanis Club's contest, a singing group from the summer production of "TEXAS", the Canyon High School cheerleaders, a float from Canyon's Babe Ruth and Little League teams, and a 350 piece marching band composed of summer band camp students from West Texas State University.

Horseshoe pitchers Friday evening awarded first place plaques to Frank Udem in singles and a team of Udem and David Conatser. Second place in the contest went to Royce Cox, singles, and a team of Royce Cox and Carl Miller. The event was sponsored by the Canyon Rotary Club with O. W. 'Bud' Parker as chairman.

Also included in Friday's activities were a "young people's dance" sponsored by the Canyon Kiwanis Club which drew approximately 185 dancers, and a bingo booth sponsored by the Canyon Jaycee-Ettes.

Phil Swatzell took first place plaque Saturday as Canyon's

# Victor Hill TaxLeague Chairman

Victor Hill was named chairman of Randall County Taxpayers League last Thursday night to succeed B. E. McCormick.

Only nine members attended last Thursday night's meeting as compared to more than 70 who turned out for an organizational gathering of the group a year ago.

Hill is a farmer who lives in Canyon. He farms south-east of the city.

Elected vice chairman was Howard Rogers. He farms in the northwest part of Randall County.

Mrs. W. E. Parker was re-elected secretary-treasurer. In a treasurer's report to the group, Mrs. Parker said the organization has \$2,123.02 on hand.

McCormick said the organization may need to hold another meeting after tax notices come out. He said he believes there would be more attending a meeting after the tax notices are mailed.

The Taxpayers League was formed to protest school taxes last year after school tax valuations were set by McMorries and Company, a tax evaluating concern of Amarillo. Heading that firm is Jim McMorries. Hill will appoint five directors to the league board of directors.

MR. AND MRS. PAT NUGENT, left, and Mrs. Lyndon Johnson are shown here as they arrived Sunday night for a performance of "TEXAS" in the Palo Duro Canyon.

He said the commissions would need a minimum of two meetings to prepare the amendment; two to three weeks to formulate the amendment; 15 days waiting period for notices and publication of public hearings; and a final meeting to approve the changes.

He estimated total time spent would be about 90 days before the amendment could be signed. Springer explained that the commissions could either overhaul the ordinance with an amendment or "patch" what they have presently.

Earlier the commission had agreed the present ordinance was insufficient and that it should be revised or a new set of rules and regulations concerning zoning formulated.

(Continued from Page 1, of the late model Owens vehicle.

The entire left side of the Owens car was caved in and the front of the Hale automobile was smashed.

Owens was pinned in his car. Justice of the Peace Bill Wilson and several passersby worked some 15 minutes in getting the body out. Owens was pinned under the wheel. He was wearing a seat belt which it was necessary to cut away.

Alvin Kuhlman, a farmer who lives near the intersection, said he witnessed the crash. He said he was not surprised to see a serious accident there and complained that the intersection is poorly marked.

He said he has seen scores of cars run the stop sign on the north side of the intersection during the past few weeks. He believes drivers often fail to see the sign until it is too late for them to stop.

A sign about 200 yards north of the intersection warns motorists of a stop ahead but the warning sign is in the right-hand fence row rather than on the edge of the highway as it normally would be.

A Highway Department spokesman Monday said the sign was moved off the highway right of way because the road is under construction. The highway is to be surfaced with hot mix and an island installed.

The Hale family had been visiting in Amarillo and were en route to Palo Duro State Park when the accident occurred. Hale is a Floyd County real estate and insurance man.

Owens was a Texas Technological University student who was employed summers as an electrician at Hereford.

Funeral services for the accident victim were held Tuesday in Hereford.

Survivors include the parents, Mr. and Mrs. Charlie Owens of Hereford; a brother, David of the home; the paternal grandmother, Mrs. Emma Owens of Portales; the maternal grandmother, Mrs. Velera Kelley of Hereford and the maternal grandfather, Lonnie Kelley of Olton.

newsmen from all over the Panhandle.

Batson said his guests learned at the last minute they would be able to see "TEXAS" Sunday night. Mrs. Ples Harper, who handles publicity for the drama, spent most of the afternoon alerting newsmen across the Panhandle.

Batson drove the car in which the Nugents arrived in the canyon while the vehicle in which the first lady rode was operated by a Secret Serviceman.

The party arrived and departed through Canyon via the expressway. Batson said several buildings on the West Texas State University campus were pointed out to members of the group. They took special interest in the Panhandle-Plains Museum building, he said.

As the cars rolled to a stop in parking places reserved for them, Nugent quickly got out of the car and hurried to open the door for Luci. He then stepped to the other car and opened the door for Mrs. Johnson.

Vivacious Luci and her equally vivacious mother were centers of attention. Theater goers were not aware in advance of just what was afoot but they were alerted that something unusual was brewing as photographers crowded around the amphitheater entrance prior to the arrival of the guests of honor.

Mrs. Johnson wore a brown suit while Luci wore a dark dress and a white head band that set off her raven-black hair.

The party was greeted by L. P. "Pete" Gilvin, president of Panhandle Heritage Foundation, and Mrs. Harper, founder of the organization. Also greeting the guests were Raymond Raillard, executive vice president of the foundation, and Miss Sally Nester, manager of the amphitheater box office.

Members of the foundation executive board were seated near the guests and had opportunities to visit during the evening.

In intermission ceremonies, William A. Moore, "TEXAS" director, announced that directors of the foundation have designated two kinds of awards to be presented at the theatre.

The first is a small iron triangle given the person who has traveled farthest to see the show. The second is a gold plated triangle awarded to those who have done special things

to encourage outdoor beauty and appreciation.

This special triangle was awarded to Mrs. Johnson in a ceremony in absentia some time ago but the emblem was held to be given in person.

Eddie Thomas, who plays Calvin Armstrong in the show, went to Mrs. Johnson's seat in the theater to make the award.

The Nugents were given a Palo Duro T-shirt for their infant son along with some postcard pictures of the canyon and a small viewer.

In accepting the gold triangle, Mrs. Johnson told the crowd of some 800 that it was wonderful to be able to share the evening with them.

Like her husband, Mrs. Johnson is a handshaker. She shook hands with scores of people and engaged in short conversations with almost all of them.

"It's wonderful to be here and I'm enjoying the drama so much," Mrs. Johnson told

news reporters at intermission.

During the intermission Mrs. Johnson visited the light control booth. Explaining the equipment to Mrs. Johnson was Batson who designed much of it.

After the performance, the cast presented the party with souvenir programs signed by cast members and with loaves of bread baked on the grounds.

Mrs. Johnson and the Nugents shook hands with each cast member. Mrs. Johnson seemed especially interested in the children in the cast.

As the first family party left the "TEXAS" dressing room the cast sang, "Texas Forever."

The party left Amarillo by plane Monday morning.

PARKINSON'S DISEASE IS NOT HEREDITARY

About one out of every one hundred people is affected by Parkinsonism. Because the chief cause is believed to be a decrease in the blood supply to the brain, a result of hardening of the arteries, their numbers will increase as people learn how to live longer.

Early symptoms are a tremor of one hand. Hand and foot movements slow up. Writing is more difficult. The mind is not affected. We have several different relaxant drugs which require a prescription. Early diagnosis and treatment is often effective in preventing more serious symptoms. But a physician must be consulted soon and regularly.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

to organize Randall County from what was then Bexar Territory was presented to the Commissioners Court of Potter County. The Bexar Territory also included Potter County at that time.

The petition, which was approved, asked that an election to organize Randall County and name Canyon City as the county seat be ordered.

The election, in which 45 residents voted, was conducted in front of the L. G. Conner dug-out. The only other structure in the city at that time was a

partially completed blacksmith shop owned by Al Hammond. Randal was born in McNairy County, Tenn., and moved to Texas with his parents in 1839. He graduated from West Point July 1, 1854 as a second lieutenant of infantry.

He resigned from the US Army Feb. 27, 1861 and went into the Confederate service where he became colonel of the Second Brigade, 28th Cavalry Regiment. He served in Arkansas and Louisiana and led a brigade in repulsing N. F. Bank's Red River campaign. He died at the battle of Jenkins' Ferry without knowing of his promotion to brigadier general. He was buried in Marshall.

"It is with gratitude and appreciation we today dedicate this picture of Brigadier General Horace Randal and Mrs. Randal to Randall County, hoping the memory of his sacrifice will be an inspiration to all," Mrs. Warwick concluded.

sorghum last year but estimated that yield of corn infected was cut about 4.2 percent.

One of the hardest hit farms in the Canyon area is the Leroy Lamb farm situated 6 miles west of town on Farm Road 1062.

The virus has spotted the irrigated, fertilized grain sorghum with brown and reddish brown.

"I don't know what's wrong but it has got to be damaged," Lamb declared Monday. "It has damaged the leaves too much not to hurt the head."

Sample stalks cut open to expose the formative sorghum head revealed no damage as of last Saturday. However, Lamb pointed out that leaves supply nourishment to the head and that without healthy leaves the head eventually will be damaged.

The disease begins with a purpling of leaves. "It happens in a hurry," said Jack Ziegler who operates Taylor Evans Farm Store here.

One farmer said the disease seems to strike after a rain and at first cool, damp weather was blamed.

Dr. Toler said he expects to have some answers within the next few days on origin of the disease and some idea as to the damage it is likely to cause.

"That's what we're working on right now," Dr. Toler said. Dr. Toler and Rosenow were in Deaf Smith County Wednesday doing research on the plant disease.

Dr. Toler, Dr. Berry and Rosenow will meet with grain sorghum breeders at 10 o'clock this morning (Thursday) in the county agents office in Hereford to discuss the problem.

The group will tour damaged crops and breeders will be asked to check their test plots for virus-resistant plants or varieties.

## Moisture Received

Although Canyon only received a trace of moisture following showers Tuesday evening, one-half inch of rain was recorded at Buffalo Lake Refuge.

Other amounts received late Tuesday include Clarence Kern, Umbarger, .30 inches; Edgar Robinson, Jewell Community, .25 inches; and a trace at Palo Duro Canyon State Park.

High temperature for the week was 92 degrees on Tuesday and the low was 66 degrees last Thursday, according to records at the West Texas State University Weather Station.

## Hole-In-One For Woman

V. A. Allen of Canyon made a hole-in-one at the one-day ladies invitational golf tournament in Dumas last week.

Mrs. Allen was using a five-iron for the strike on Hole No. 13. The hole-in-one brought Mrs. Allen's total to 84 for the round which resulted in her score being a tie for first place in the first flight.

At the time of the shot, Mrs. Allen was a member of a foursome which also included Jean Phillips, Doug Warren and Jimmie Johnson.

## Budget . .

(Continued from Page 1)

Public hearing on the budget will be held at 8 o'clock the evening of Aug. 15 in the board room at Canyon High School.

The board Tuesday night accepted the resignation of Jimmy Plain as school business manager. Plain will join Panhandle Educational Services Organization as business manager. The Plains will continue to live in Canyon.

Plain has been associated with Canyon Schools since 1958. He has been business manager of the school system since 1961.

Resignations of five teachers were accepted. These include Jerry Yows, Swayne McCauley, Mrs. Robbie Jo Henry, Mrs. Johnnie Gordon and Rodney Myrick.

Fifteen teachers were hired by the board. These include Leonard Kent, Sophie Davis, Sharon Nichols, Carroll Killingsworth, Jane Stephens, Betty Meredith, Lowell Weaver, Charlotte Walton, Juana Jo Essery, Dorothy Lowry, Nadene Lyles, Bob Riley, Mrs. Leatrice Garvin, Lloyd Gary Taylor and Mrs. Larry Hooper.

Hazlewood Farm Dairy was awarded the contract to supply the school cafeterias with milk during the coming school term in spite of the fact that an Oklahoma firm under bid the Randall County dairy.

Low bidder to supply milk was Fairmont Foods Company of Lawton, Okla., with bids of \$.054 for plain half pints of milk and \$.057 for chocolate milk. The Hazlewood bid was \$.0625 for both plain and chocolate milk. Plains Creamery and Borden Dairy Products also submitted bids.

The difference in the price of the Oklahoma milk and the Hazlewood product is estimated at about \$2,900 a year to the school system.

"With our limited knowledge I move that we accept the Hazlewood bid," said board member Jerry LaGrone.

Joe Gill questioned the wisdom of not accepting the low bid but the vote was unanimous. "I don't like shipping milk that far from Lawton," said J. O. Parker. "Roads might be blocked in the winter if we get into a storm."

First National Bank in Canyon was high bidder on interest for deposited school money and was made the school depository. Interest offered by the bank on school deposits range from 3.25 percent to 4 percent, depending on the length of time money is deposited.

American Bakeries was low bidder to supply bread products to the school cafeteria.

Arctic Frozen Foods of Amarillo was designated to supply meat for the cafeteria. Arctic's bid on the amount estimated to be used by the school during the year will come to approximately \$23,591, about \$482 cheaper than the only other bid for the same amount of meat.

Swifts was the low bidder to supply ice cream to the school cafeterias.

Mobil Oil Company of Canyon was awarded the bid for gasoline at 12.59 per gallon. There was one other bidder.

## Five Firemen Attend School

Four firemen from Canyon and one from Umbarger recently returned from the 38th annual Texas Firemen's Training School at Texas A & M University.

Those Canyon Fire Department members at the school were Nathan Watson, Robert Rogers, Bob Glanton and Lloyd Childers. Attending from the Umbarger Fire Department was John Grabber.

While at the school the firemen each received 30 hours of training in various phases of firefighting methods and use of equipment.

The school was sponsored by the State Firemen's and Fire Marshal's Association.

al district attorney, was a partner in the venture until he disposed of his interests.

Cowart acted as spokesman for the corporation at Monday's commissioners court meeting. He was accompanied by John Aiken, a Hereford attorney.

Cowart told the court that the Texas Parks and Wildlife Commission already has denied the corporation a 457-foot easement from Palo Duro State Park to the property.

"We have come to this court because there just isn't any other way to get a road to our property," Cowart declared.

Aiken said his clients would participate in any cost for construction of a road and would even dig wells on Owens and Beedy property cut off from water by the road.

"We don't want to be put in the position of making a guarantee of water," he went on.

Cowart said that when he and his associates bought the tract, which is located just north of the park's popular Cottonwood Grove picnic and camping area, he had anticipated no trouble in obtaining an easement from the state.

He blamed "people with money behind the Heritage Foundation" for a part of the corporation's difficulties. He said a group associated with the foundation had opposed the state's granting an easement to the Fortress Cliff property.

"I took the worst political beating of my life in Austin," Cowart declared.

"I worked for six years for the Heritage Foundation and so did my wife and children," he went on. "I couldn't get a letter from the foundation saying they didn't object to the easement. The park board has said it would never give consent to an easement across park land. It was passed as a policy. I apologize for being here but it's the only way we can get access to our property."

Bill Gibson, Amarillo attorney representing Dr. Owens, asked what use would be made of the tract.

"That's none of your business," said Cowart. "We intend to use it for a legitimate business."

Beedy sold the land to the owners of Fortress Cliff Corporation. He said he had a gentleman's agreement with them that they would not ask for right of way across his property. Beedy and Owens properties are north of the Fortress Cliff tract.

"They knew there was an ingress and egress problem when they bought the land," said Beedy. "I don't feel like having my ranch cut in two because they bought a pig in a poke. I think they got a dirty dig from the state park board but I don't see why I and Dr. Owens should suffer for someone else's mistake."

In other action by the court Monday, Mrs. Sydney Hall of Silverton was hired as county home demonstration agent to succeed Mrs. D. C. Gamble who has resigned. Mrs. Hall was accompanied to the meeting by Mrs. Sue Farris, Amarillo, district home demonstration agent.

Commissioners agreed to accept \$23,733.36 from the state for use in improving the county's lateral road system.

## Man Jailed On Morals Count

A 36-year-old farm laborer who resides in the southwest part of Randall County was arraigned here last week on a charge of fondling a minor female, a felony offense.

Bond for Ralph Lee Rozell was set at \$5,000 by Randall County Justice of the Peace W. A. (Bill) Wilson. Rozell is in custody here.

The incident, involving an 8-year-old girl, is alleged to have occurred Wednesday of last week.
